Hello Petersen Ranch IRT,

We are looking forward to our meeting next week on **Monday, March 7 from 3-4:30pm**. Our agenda for the meeting is below, with much of the content derived from the memo we submitted on February 8 (attached here for ease of reference). We are especially interested in collaborating with the IRT on solutions to the various performance monitoring challenges we outlined during the December 2021 meeting, and look forward to your feedback on our proposals included in the attached memo. FYI these proposals are just a starting point for discussion and we would love to hear new ideas or approaches that the IRT would support.

Agenda:

- Data Analysis Summary
 - CRAM Scores Over Time
 - Area A Rift Valley Flash Grazing
 - CRAM Slope-Wetland Module Results
- Performance Standard Assessment Proposals
- Open Forum

As always, please reach out if you have any questions.

Thanks,
Marlene

Subject: [URL Verdict: Neutral][Non-DoD Source] Petersen Ranch Follow Up

Hi All,

I hope everyone is doing well. Our IRT meeting is coming up next week on Tuesday February 15th. In preparation for that meeting, we compiled the requested data analysis along with some proposed paths forward in the attached document. Please review and consider the data and paths forward internally before we all get together.

Please do not hesitate to reach out if you have any questions. Talk to you soon.

Thank you,

Julie Garren | Senior Project Manager | c: 508-525-0586 | julie.garren@wra-ca.com
